

40 Days for Life – 331 Salem Place, Fairview Heights, IL.

Prayer Volunteer FAQ Sheet & Site Information

COVID Protocols-Masks must be worn while praying on site. We ask that you also stand 6 feet apart from the person you are praying with unless they are in the same family group as you. Hand Sanitizer and gloves will be provided on site. We will be sanitizing the signs nightly.

May I talk to clients through fence? – Yes, if they are NEAR you. Yelling across the lot sounds like anger to them. Refer them to the sidewalk counselors or Mosaic. You may ask for CFL/Womens Care Connect fliers when you're in the office. To hand out at the fence.

What should I wear/bring? – Always check the weather forecast and dress appropriately. Feel free to bring anything you may need: water, umbrellas, sunscreen, hats, folding chairs, kneeling pads. NOTE: This area is on the open plain and is almost always windy or breezy. Also during rainy season grassy area can turn muddy with so many people present so boots are recommended!

Terrain – This area is a pleasant, park like setting with some shade trees. The grassy area is adjacent to the parking lot and terrain is flat and accessible to handicapped, walkers, wheelchairs. Area at front of facility requires some walking on a hilly area near the gate.

If no one shows up for next shift – Call the Office at: 314-827-4039 or Theresa Boll at 618-520-1255. The 40 Days for Life goal is to have 2 people every hour praying at the fence. However, since the Coalition for Life STL office will be staffed daily at 331 Salem Place and 2 Coalition for Life STL Counselors are present at the gate 12 hours/day M-F and 6 hours on Saturday we have some leeway with staffing. If only one of us is at the fence we will not be alone and will be safe.

In case of emergency – CALL 911. Call the office or go to the office or to the gate for help. Always have your cell phone (with camera if possible) with you.
