

40 Days for Life - 331 Salem Place, Fairview Heights, IL

Prayer Volunteer FAQ Sheet & Site Information

COVID Protocols - Masks are suggested while praying on site if you are not vaccinated. We ask that you also stand 6 feet apart from the person you are praying with unless they are in the same family group as you. Hand sanitizer will be provided on site, and wipes will be provided for wiping down the signs after use. We ask that you wipe the signs off before putting them back in with the others.

May I talk to clients through the fence? Yes, if they are NEAR you. Yelling across the lot sounds like anger to them. Refer them to the sidewalk counselors or Mosaic. CFL/Women's Care Connect fliers will be available in the flyer box to hand out at the fence.

What should I wear/bring? - Always check the weather forecast and dress appropriately. Feel free to bring anything you may need: water, umbrellas, sunscreen, hats, etc. We provide folding chairs and kneeling pads to be used. Note: this area is on the open plain and is almost always windy or breezy. Also, during rainy seasons, grassy areas can turn muddy with so many people present so boots are recommended!

Terrain - This area is a pleasant, park-like setting with some shade trees. The grassy area is adjacent to the parking lot and terrain is flat and accessible to handiapped, and those with walkers and/or wheelchairs. The area at the front of the facility requires some walking on a hilly area near the gate.

If no one shows up for the next shift - Call the office at (314) 827-4039 or Theresa boll at 618-520-1255. The 40 Days for Life goal is to have 2 people every hour praying at the fence. However, since the Coalition for Life sTL office will be staffed daily at 331 Salem Place and 2 Coalition for Life STL Counselors are present at the gate 12 hours/day M-F and 6 hours on Saturday, we have some leeway with staffing. If only one of us is at the fence, we will not be alone and will be safe.

In case of emergency - CALL 911, then call the office at (314) 827-4039 or go to the office/to the gate for help. Always have your cell phone (with camera if possible) with you.
